2 Student study trajectory

Support and accompaniment when you arrive in Montpellier, Nîmes or Perpignan

Would you like someone to meet you and help you when you arrive?

CROUS Montpellier and COMUE LR-Universités offer an 'international mentoring' scheme.

You can use the scheme whether you are travelling alone or as part of an exchange programme (p. 12).

Your mentor, who will be a French or foreign student:

- Will contact you by email before you arrive
- Will welcome you at the station or airport
- Will accompany you to your accommodation
- Will help you to complete the administrative formalities, if you wish

You can register for mentoring on:
www.parrainage-international.fr/

3 Administrative procedures

A. Applying for admission: formalities to be completed before you travel to France

The formalities to be completed in order to come and study in France are set nationally. You should start preparing for your stay well in advance.

! You must be able to understand the French language.
Teaching and examinations will be in French.
Find out more from the university of your choice about the required language level (and the certified proof of your level to be provided) and see www.ciep.fr

If you are coming as part of an **exchange programme**, e.g. ERASMUS+, the BCI's PEE programme (*Programme d'échange d'étudiants* run by the *Bureau de coopération interuniversitaire du Québec*, formerly CREPUQ), you should ask your home university. They should find out this information from your host university.

If you are **registering individually**: procedures vary depending on your home country (EU or non-EU), the type of institution (university, institute, IUT, etc.), the type of course (languages, medicine, etc.) and the level of access (Bachelor's Degree / Master's Degree / Ph.D. Degree).

The main procedures to be completed before confirmation of admission are: to submit an application and to obtain a visa.

➔ 1st year of Bachelor's Degree

! **Warning:** the deadline for submitting applications is **22nd January!**

To apply for the first year of a Bachelor's Degree, there are two possibilities:

• If you live abroad

- International students living in a country with the CEF procedure
There is a mandatory procedure **for applying online for a place (DAP procedure)** on the website of the *Centre pour les Etudes en France* (CEF): www.campusfrance.org
This is a quick and simple process but you are required to pay a fee.
- International students living in a country without the CEF procedure
In countries where this procedure does not exist, you **must complete an application form (DAP)** for admission, at the cultural service of the French Embassy in the country where you live (*white form*).

- **If you live in France:** You should download the application documents from the website of the Ministry of Education (*Ministère de l'Éducation nationale*) (*green form*).
- **Online, at the following address:** www.enseignementsup-recherche.gouv.fr/cid24146/-dossier-vert-demande-d-admission-prealable-en-premiere-annee-de-licence.html
- **On Google:** search for *dossier vert 2016*.

➔ Other years of study

! **Warning:** the deadline for submitting applications is **31st March!** or **20th March** for DUT courses

For other years of study, (Bachelor's 2nd year, Bachelor's 3rd year, vocational Bachelor's, Master's 1st year, Master's 2nd year, IUT and Specialised Engineering Degrees), applicants living abroad (outside Europe) must use the Campus France procedure. If your country does not have this system, you should apply direct to the **establishment**.

➔ Doctoral schools and specialised establishments

Applications for admission are made directly to the establishment concerned when registering for:

- preparatory classes for the '*grandes écoles*', the French specialised universities
- the senior technicians' section (in *lycées*, *high schools*)
- university Ph.D. Degrees,
- or any other special establishment and / or establishment which recruits by means of a competitive examination, admission panel or specific qualifications.

➔ Obtaining a visa

Admission to your chosen establishment will enable you to apply for a long-stay student visa.

3 Administrative procedures

B. Obtaining a residence permit: formalities to be completed when you arrive in France

 All foreigners aged over 18 who want to stay in France for more than 3 months must have a residence permit.

➔ Long-stay student 'D' VISA (CESEDA R311-3 6°)

You have obtained a long-stay student 'D' visa for France from the French consulate / embassy in your country. This visa is marked 'CESEDA R311-3 6°'.

■ Four-step procedure to be followed when you arrive in France:

1. Complete the **OFII*** document issued by the consulate and send it by registered post with acknowledgement of receipt to **OFII***, accompanied by a copy of the pages of your passport (identity, visa, stamp applied on entry to France).

OFII (Office Français de l'immigration et de l'intégration):

OFII Montpellier: "Le Régent" - 1st floor - 4 rue Jules Ferry - 34000 Montpellier

OFII Nîmes: 54 rue de l'Hostellerie - Ville Active - 30900 Nîmes

OFII Perpignan: 6 rue des Jotglars - 66000 Perpignan

2. Once it has received these documents, **OFII*** registers your application and sends you an acknowledgement of receipt.
3. You will then receive a letter from **OFII*** inviting you to a mandatory appointment.
4. After your appointment, **OFII*** sticks a **stamp into your passport** allowing you to stay in France lawfully for the whole duration of your visa. **The visa now acts as your residence permit.**

OFII applications can also be submitted without an appointment at COMUE's International Student Office (Accueil International) during the office's opening hours.

- **Within the two months before your visa expires, you must apply for a renewal of your residence permit.**

The procedure for applying for a residence permit depends whether on the place where you are living, OR where you are studying. If you are living or studying in:

4 Practical information

A. Accommodation

Finding accommodation in Montpellier, Nîmes or Perpignan is not easy! You need to be well organised and have the funds mentioned on p. 24 available. You also need enough money to be able to pay for somewhere to stay temporarily when you arrive and to pay the costs associated with finding accommodation (a deposit, agency fees, guarantee, etc. - see p. 21).

➔ CROUS public accommodation

The CROUS international students office offers accommodation in halls of residence (cités U*) or student accommodation (for a virtual tour, see [www.crous-montpellier.fr/logement/cites et residences](http://www.crous-montpellier.fr/logement/cites_et_residences)). Renting a room in a hall of residence costs between €177 and €244 depending on the standard of accommodation. Renting other student accommodation costs around €310 per month depending on how big it is.

You should apply for accommodation from 15th January (for the closure date see the website) on the CROUS Montpellier website: www.crous-montpellier.fr (link on home page: apply for accommodation).

1. Admission criteria

Only students who meet the following criteria will be given a place in a hall of residence:

- registered for a course at least equivalent to the 1st year of a Master's Degree or at one of the following establishments: *Grande Ecole*, preparatory course, IUT, Senior Technicians Section (except at private establishments).

Individual students should attach their application for admission, and a guarantee from a person who lives in France.

2. How to submit an application

Register on the CROUS Montpellier website at www.crous-montpellier.fr from **15th January (check the closing date on the CROUS website)**.

Once you have registered, you will receive an application pack by email, which you should print and return with the supporting documents to the following address:

CROUS de Montpellier

Important: this address in Lille is the only address for submitting applications and supporting documents. Applications should NOT be submitted direct to CROUS Montpellier.

4 Practical information

You must submit your application within two weeks of receiving it, along with the supporting documents for admission:

- a photocopy of your entire passport
- a photocopy of the most recent degree qualification you obtained
- a photocopy of your most recent certificate of education (or if you do not have one, evidence of pre registration at a higher education institution in France).

You will receive a response by email once your application has been examined and depending on the admission criteria.

Places are awarded for one academic year depending on availability. If a place cannot be given immediately, students are put on a waiting list. If you are offered a place in a hall by CROUS, you must:

- pay the deposit online at www.crous-montpellier.fr (link: bookings service) Keep the payment receipt, which you will be asked to show when you sign your rental agreement at the international students service.
- provide a guarantee from a person living in France

NB: If you do not have anyone living in France to be guarantor, you can pay a CLE (caution locative étudiante (student rental bond)), which is a guarantee enabling students without a personal guarantor to access accommodation. The CLE is managed by CROUS.

➔ Deposit and guarantee

■ Deposit

When you sign your rental agreement, you have to pay a deposit (*dépôt de garantie*). This sum is used to cover any instances where the tenant fails to meet his or her obligations (repair costs, etc.). This deposit cannot be more than one month's rent (excluding charges) and must be returned within two months of the return of the keys (for **unfurnished** rental properties).

■ Guarantee

To rent accommodation you also have to provide a guarantee, which is a document signed by a person living and working in France. This person acts as your guarantor by agreeing to pay any rent that you fail to pay.

If you pay rent in advance for several months, you **SHOULD ALWAYS** request a receipt from the landlord of the property.

➔ Housing benefits

APL (*Aides Personnalisées au Logement*) and ALS (*Allocations de Logement à caractère Social*) are types of housing benefit paid by the *Caisse d'Allocations Familiales*. You can apply online for Montpellier at: www.montpellier.caf.fr and for Nîmes and Perpignan : www.caf.fr

➔ Home insurance

You must take out multi-risk home insurance when renting an unfurnished property and this insurance is strongly recommended if you are renting furnished accommodation. This insurance covers you against the risks of fire, water damage, explosions, liability, theft, etc.

Besides the traditional insurers (insurance companies and mutuals), some banks also offer insurance at prices compatible with student means.

4 Practical information

B. Health

➔ Social Security registration

You are registered for social security when you register at your educational establishment. This is mandatory for non-European students. Cost: €215 (2015-2016 rate)

To benefit from 'student social security', students must be **under 28 years of age** and be registered at an approved higher education institution for at least 3 months.

Under certain conditions, **students over 28 years of age** benefit from universal medical cover (CMU, *Couverture Médicale Universelle*) and pay an annual contribution to the *Caisse Primaire d'Assurance Maladie* medical insurance fund.

Contact the organisations responsible for student social security cover for further information.

Students who are nationals of the European Economic Area are exempt from this requirement if, for the entire academic year, they hold a European health insurance card (or a temporary certificate for this).

➔ Additional mutual cover

Social security reimburses on average 60% of medical costs. Alongside this mandatory scheme there are also **student mutuals** that enable you to top up this cover so that healthcare is completely free. Cost: from €50 to €500 depending on the mutual and the level of cover.

The advantage of this is that it also provides public liability cover which, in many cases, is mandatory.

Students with grants from the French Government (BGF) or foreign governments (BGE)

Students on grants who are covered by 'student social security' are exempt from paying the social security contribution. For these students, Campus France will reimburse the amount paid for mandatory subscription to a student mutual up to a maximum of €264 on presentation of evidence of the payment of the contribution for the current year.

Students who do not meet the conditions for joining the 'student social security' scheme are covered directly by Campus France. The Campus France social cover is for individuals only and does not cover a student's family.

The two bodies responsible for managing the student social cover are:

LMDE, La Mutuelle des Etudiants: www.lmde.fr

MEP, La Mutuelle des Étudiants de Provence: www.mep.fr

➔ University Health Center of Montpellier

COMUE LR-Universités offers one suitable care pathway to all students in Montpellier. A 100% care, without advance payment. Only student card, healthcare card (carte vitale) and supplementary mutual health attestation requested. www.csu-montpellier.fr

➔ Preventive medicine

There are teams of doctors, nurses and social workers working at the universities. Ask at your university if you would like to meet them.

➔ Disabilities

There are support measures in place for students with disabilities at the three universities in Montpellier. Contact the relevant representative, or visit the website of each university for more information.

Montpellier University: handiversite@umontpellier.fr

Paul Valéry University Montpellier 3: etud.handi@univ-montp3.fr

Nîmes University: handicap@unimes.fr

University of Perpignan Via Domitia: baeh@univ-perp.fr

ENSCM: scolarite@enscm.fr

CROUS also offers around a hundred places in specially adapted accommodation for people with disabilities.

For more information: www.crous-montpellier.fr > [Action sociale - santé / handicap](#)

In this section, students with restricted mobility can fill in an application form for specially adapted accommodation, in which they can explain the adaptations they require. CROUS can then offer them the most suitable accommodation. Applications can be submitted throughout the year.

➔ Social assistance

There are CROUS social workers on hand for students to talk to at CROUS and at the university sites. They can help students with social, emotional or financial problems by providing listening, support, information, securing financial assistance, and taking preventive action.

4 Practical information

C. Budget

► Obligation of resources

French law requires that international students demonstrate that they have sufficient resources to cover living costs of €615 per month.

The existence of these resources can be proven by:

- A statement of grant,
- A standing order from abroad (officially certified by the bank's stamp),
- Bank statements for the last three months showing the monthly transfers (of €615/month) or a bank statement stamped, signed and dated in the last three months showing a credit balance equal to at least three months of the required resources.

The €615 per month is a minimum. The first month can cost up to €1800 (deposit for accommodation, insurance, mutual contribution, etc.).

The cost of registration at the university varies depending on the level of study: €184 for students on Bachelor's Degree courses, €256 for students on Master's Degree courses, and €391 for students on Ph.D. Degree courses (2015-2016 rate).

► Monthly budget

This approximate monthly budget is valid for a single student not living in a university hall of residence, i.e. for most students.

Rent (including charges)	€400
Meals	€200
Travel	€30
Academic supplies	€20
Leisure	€100
Internet	€20
Mobile phone	€30
Total	€800
